## MSDS PRODUCT INFORMATION

Date: 10/07/2005  
To: MSDS Requester  
From: 3E Company  
Subject: The MSDS you have requested

☒ MSDS NOT REQUIRED

In response to your request for a Material Safety Data Sheet, according to the OSHA Hazard Communication Standard (Right-to-Know), the following item is an article. Articles are defined in 29 CFR 1910.1200(c). Products such as Drugs, cosmetics, food, or alcoholic beverages, wood or wood products, and tobacco or tobacco products, as defined in 29 CFR 1910.1200(b)(6), are exempt from the Hazard Communication Standard. Items that are considered articles, as defined in 29 CFR 1910.1200(c), are also exempt from this Standard. Therefore, the manufacturer is not required to provide an MSDS for this product.

☐ MSDS DISCONTINUED PRODUCT

In response to your request for a Material Safety Data Sheet, the manufacturer has discontinued the product listed below. The MSDS Attached is the most current version, or an MSDS is no longer available.

☐ MSDS BEST COPY AVAILABLE

The MSDS attached is the best copy available from the manufacturer.

☐ MANUFACTURER NO LONGER IN BUSINESS

In response to your request for a Material Safety Data Sheet, a current MSDS could not be obtained for this product. It has been determined that the manufacturer listed below is no longer in business. A current address and phone number could not be located.

Manufacturer: Owens-Corning Fiberglas Corporation  
Product Name: Oakridge Pro 30 Amber

February 27, 2001

Customer satisfaction and safety are top priorities at Owens Corning. Part of that commitment is providing you with information regarding the products we manufacture and sell.

One means by which we provide health information about our products is through material safety data sheets (MSDSs). However, some of our products pose no health or physical hazard and are classified as "articles" as defined by the Occupational Safety and Health Administration's (OSHA) Hazard Communication Standard. This interpretation is consistent with that of the Asphalt Roofing Manufacturers Association (ARMA) legal counsel.

Articles are exempt from the requirement of publishing MSDSs. Title 29 of the Code of Federal Regulations, Section 1910.1200 (amended), specifically states that it does not apply to articles. An article is defined in the standard as follows:

"Article means a manufactured item, other than a fluid or particle: (i) Which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts, of a hazardous chemical and does not pose a physical hazard or health risk to employees."

Owens Corning Roofing products meeting the article definition include:

Asphalt Shingles	Mineral Surface Rolls	High Style® Hip & Ridge with
Glasfast Fasteners	Roll Roofing No. 45	Sealant
VentSure® Rigid Roll	WeatherLock®	High Ridge Hip & Ridge with
VentSure® Rigid Strip	Sticky Steel	Sealant

We hope this satisfies your needs. If more information is required, or if you have additional questions, please call (419) 248-8234.

*Get product hazard information and Material Safety Data Sheets for other Owens Corning products electronically via Internet: <http://www.owenscorning.com> or call 419-248-8234.*
